Dear members,

Leading up to the November national general meeting, the executive of the Kwantlen Student Association (KSA) issued a press release filled with deliberately false and misleading information. Yesterday the KSA executive issued another release that takes even more liberties with the truth.

Some of you might have received an email yesterday from the Kwantlen executive that refers to a draft communications and outreach planning document authored by the CFS-British Columbia which, as you know, is an autonomous provincial organisation over which the Canadian Federation of Students and its National Executive has no authority.

Although the KSA executive was already aware that the document was produced by the CFS-British Columbia, and not the Canadian Federation of Students, it deliberately misattributed it in order to level false accusations about the actions and intentions of our Federation.

Please rest assured that appropriate action will be taken to correct the falsehoods being circulated by the Kwantlen Student Association executive.

If you have any questions, please do not hesitate to call me at 613-232-7394.

In solidarity,

Amanda Aziz
